WORK EXPERIENCE

La Fage Conseil (from october 2006 to now)	
<i>La Fage Conseil</i> is my own service company, today dedicated to Ingres world	
Products & Customers	
<u>Ingres & OpenROAD</u>	France 3 (Ingres, ABF & OpenROAD) L'Oreal REGEFI (Ingres & OpenROAD) Ingres partner IGC & Newaxe (Ingres) Electre (Ingres & OpenROAD)
<u>Cleverpath Forest & Trees</u>	Trainer for Computer Associates

Computer Associates (february 1999 to june 2006)	
<i>Job : Ingres Senior Consultant</i>	
Missions of consulting and education for our customers within division CATS of Computer Associates.	
More than 100 visited Ingres customers, each one with a different context of production (24/24-7/7, interaction with automats, need for performances, etc) and in different environments.	
The interactions of Ingres with other Computer Associates solutions in different fields such as the provisionning (eTrust Admin), portal (CleverPath Portal), business intelligence (CleverPath Reporter, CleverPath Forest & Trees), ETL & CMDB (Advantage Data Transformer, Unicenter Service Desk) widened my competences.	
Specific functions: realization of demonstrations at the time of the forum Ingres (annual customer), pre-sale, work on marketings events	

Main Ingres customers:

- **SILCA**
Feed the CA Unicenter Service Desk CMDB with Advantage Data Transformer for historical changes and issue survey. Analyse and development of the data synchronisation between referential tools (Qualiparc, or internal developments) and CA CMDB in a production context.
